

February 2024

In the Waller family, we believe that education is the cornerstone of success. We also believe strongly in the students in our community. Post-high school study has never been more important. Today's job market can often require specialized study and broadening experiences that help one be receptive to new ideas. Whether attending a small college, a technical college or a large university, furthering one's education is the key to long term success.

The Waller Family Leadership Award was created to show our commitment to the students in Clarke and Oconee Counties and our belief in education. This \$2500 award will be given to one student in each county. This packet contains details about the application process and selection criteria. We hope the you will make this information available to high school seniors that you know.

Spring is just around the corner and new beginnings are on the horizon. These new beginnings can be exciting and a tad bit challenging. We are thrilled to partner with you in the excitement and challenges of these new beginnings. We welcome your application and wish you the best of luck in your future endeavors.
